

THE SURVIVORS' PROJECT

PEER SUPPORT FOR SURVIVORS

Last year, Texas created a **new clemency process** for survivors of human trafficking or domestic violence.

The Survivors' Project was created to help survivors navigate that process through free legal advice and assistance.

You can apply for **pro bono assistance** at www.lonestarjusticealliance.org/survivors-project.html

Now, you also have access to a peer support group where you can **connect with fellow survivors** of human trafficking, intimate partner violence, and other abuse.

To join this peer support group, contact Cynthia Simons at CSimons@TexasCJC.org
